1. SKYourself healers and teachers are neither doctors nor health practitioners but spiritual healers. Spiritual healing is not treatment in a medical sense and is not based on any medical or psychological knowledge or skills. Spiritual healing energy work is ritual/spiritual/indicatory and not medical/psychological/physiotherapeutic.
2. SKYourself healers and teachers do not make any promises for healing or make diagnoses. Beneficial personality developments and changes of mental and physical sensitivities by means of spiritual healing have often been reported. These reports are, however, exclusively well-documented personal experiences. Every person responds differently to spiritual healing and energy work. Therefore, SKYourself cannot give any guarantee for effectiveness or harmlessness. SKYourself healers and teachers do not make any promises for success or healing.
3. Spiritual healing energy work is neither a medical procedure nor a form of psychotherapy. Therefore, you should always consult your doctor in case of severe health problems. Any ongoing medical treatment should not be interrupted or abandoned and a future necessary medical treatment should not be postponed or completely omitted. The responsibility for medical treatment is entirely up to me.
4. Follow up sessions are taken at my own risk and I take complete responsibility for my own development. Energy work can enable people to take their life in their own hands and to act instead of react. We emphasize that this newly found freedom can lead to a change of life.
5. SKYourself does not accept any responsibility for the further conduct of life of the client and does not give any guarantee for the fulfillment of hopes and expectations.
6. The members of the SKYourself healer and teacher team are not subject to any legal confidentiality agreement but have agreed to a voluntary confidentiality agreement. SKYourself is offered by the San Esprit Church of Amazing Grace.
7. I confirm that I do not suffer any psychoses or any schizophrenic disorder. I am informed, that persons with these kind of disorders are not allowed to partake in any SKYourself healing sessions, Group-healings or Seminars.
8. I understand that this procedure may cause a physical shift in my body and the results may include (but are not limited to) muscle soreness, emotional and/or physical cleansing or discomfort, itchiness, etc.
